

May 14, 2016 Collaboration Meeting

On May 14, about 30 leaders met to further the plans to address the top 3 initiatives identified through a leadership survey as the most important ways to move Trinity closer to our mission. First, Ross Queener recapped what we have done over the last eight months to bring us to this point. Then Fred Atkins encouraged us to continue in our triads. Xavier also gave a testimony as to the unexpected blessings of being in his triad.

Then the 3 chairs of the initiative groups presented action plans to the larger group. Each presentation was followed up with Q&A discussion time. Susannah Atkins presented the next steps in Leader Succession Planning, then John Harrison addressed Discipleship, and Xavier Roliz stepped us through next steps for Assessing Spiritual Gifts at Trinity.

After discussion about the Spiritual Gifts next steps, we took an online assessment (www.Giftstest.com). If you haven't taken it, you can take the test now and forward the results to the spiritual gifts group at: sgtresults@gmail.com And if you took the test but forgot to forward your results, please make sure that you send in your results.

The presentation notes (with follow-up discussion notes) are in separate documents. The links are on the Leadership web page: <http://www.trinityny.org/leadership-2/>
